OQ SERIES PERFORMANCE OPTIONS

OQ LABSCOPE

PRECISION PACKAGES

Workstation Package

Monitor, mouse, keyboard, and scanner stand

Portability Package

*Portable monitor, mouse, keyboard, scanner stand, and durable pelican case. Borescope
Integrate Scanner with Borescope*

PERFORMANCE ADD-ONS

Scanner Stand

Perform more stable scans, hands-free!

High Speed Line Scan Upgrade

Upgrade to 80,000 a-scans per second

Microscope Objective Set

4X: 5 mm linear, 3.5 mm x 3.5 mm volume 10X: 2.5 mm linear, 1.8 mm x 1.8 mm volume 40X: 1 mm linear, 0.7 mm x 0.7 mm volume

Single High-Powered Light Source

15 mW SLD, for 3.0 and /X

Double High-Powered Light Source

Two 15 mW SLD's, for /R and /RX

EXTENDED SUPPORT & SERVICE

OQ LabScope 2.0 & 3.0

Extends the standard three-month support and service period to one full year

Foot pedal

Hands free image capture ideal for one operator

Camera

Integrate with visible camera and light source

Retina Optics (Research use only)

Scanning optics to image the retina

Chin Rest (Research use only)

Chin Rest for sample with stage for scanner

Extended Depth Range

930 nm center wavelength

LabScope 2.0 /X /R /XR /SX

Extends the standard three-month support and service period to one full year

OQ STRATASCOPE

PRECISION PACKAGES

Workstation Package

Monitor, mouse, keyboard, and scanner stand

Portability Package

Portable monitor, mouse, keyboard, scanner stand, and durable pelican case.

StrataScope Extended Support

Extends the standard three-month support and service period to one full year
